

TEMPORARY DRAFT

May 19, 1995

TO: Minerals File

FROM: Lynn Kunzler, Reclamation Specialist

RE: Site Inspection, Mumper Exploration Project, E/003/0, Box Elder County  
Utah

Date of Inspection: May 10, 1995

Time of Inspection: 12:30 p.m.

Conditions: Cloudy, intermittent rain

Participants: Gordon Struthers, U.S. Forest Service; Lynn Kunzler, DOGM

Purpose of Inspection:

This was a site they had filed with the Forest Service approximately three years ago. They have put an adit into the area. According to Gordon Struthers, no work was done last year and the owner has dropped the claim on this site. The adit is an opening about 4 x 3 feet and is horizontal opening that goes back quite some distance. Mr. Struthers, of the Forest Service, will try to contact Mr. Mumper to come and close off this particular adit before they close their file. However, he thinks that Mr. Mumper maybe has passed away. This may be a sight we will have to turn over to the Abandoned Mine group.
